SHAMOOLIYAT

A LUMS BASED ENTERPRISE FOR TRANSGENDERS

WHO ARE WE

Shamooliyat is a student-led organization, established in LUMS, and whose primary goal is to create a scholarship fund for transgender students within LUMS. This scholarship fund is to be exclusively established for those transgenders who possess the academic credentials, but lack the financial means to gain a chance to complete their higher education and pursue their dreams.
For this very cause, Shamooliyat has engaged in a variety of activities, such as raising awareness regarding the plights and difficulties of transgenders in society through social media, leading donation drives and by holding webinars and fund raisers.

Through the LUMS Transgender Scholarship Fund, Team Shamooliyat hopes to tackle the stigma that transgenders are inferior and cannot perform well in society. This stereotype is the furthest thing from reality and we wish to show the Pakistani community that transgenders can perform as well as the other members of society. We hope to provide a powerful voice to the transgender community via higher education.

BACKGROUND

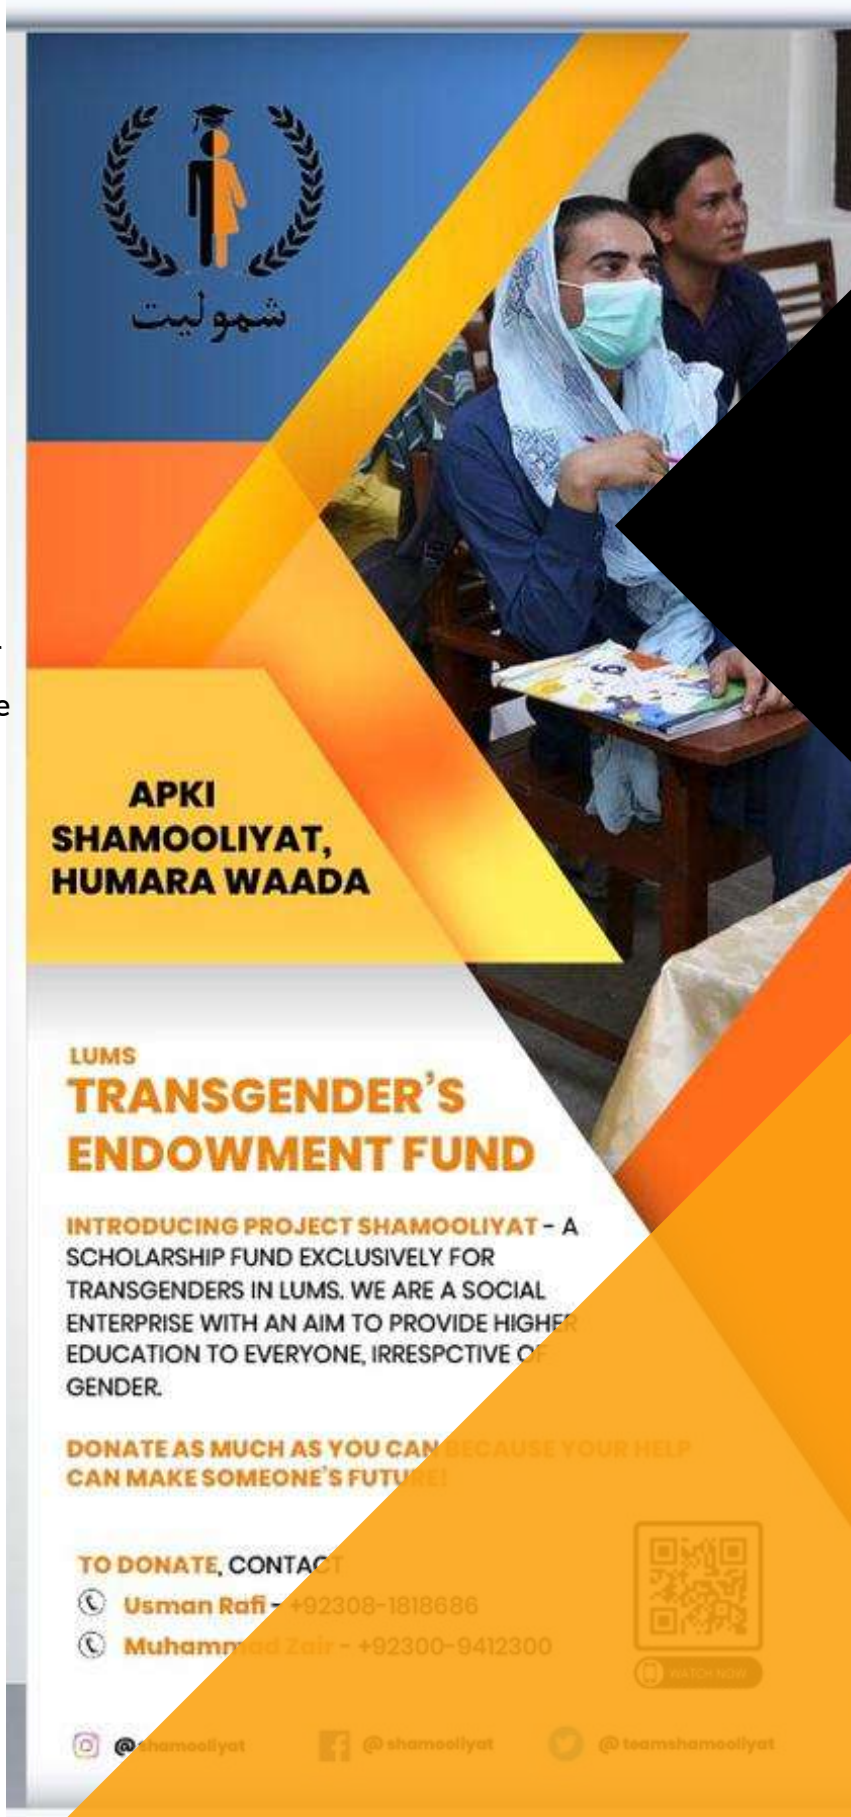

It is no hidden fact that a supremely conservative society like Pakistan is not a friendly home to transgender individuals. The community is a victim to continual social exclusion by the society. These individuals face oppression, marginalization and discriminatory behavior on the daily. It is impossible for them to even step foot on the streets without being harassed, catcalled or physically abused. Their very existence is stigmatized, their rights stepped on and their freedom infringed. The banishment of this community from the society has consequently forced these individuals into isolation and inappropriate conduct/actions to sustain themselves for example selling sex, drug abuse and begging.
The right to education is a fundamental right recognized in the constitution of Pakistan for all citizens (The Constitution of Pakistan). However, due to social exclusion and discriminatory attitudes as discussed above, transgender individuals, despite being citizens of the country, are denied opportunities to obtain adequate education. Education is a precursor to obtaining employment and consequently a better standard of living. Thus, providing the transgender community with education essentially means opening way for these individuals to earn their income through more appropriate means, improve their standards of living and ultimately obtain respectful social standing within the society. A nationwide survey conducted by the University of Peshawar revealed that only 23% of the entire transgender population surveyed were educated till matriculation, while only 4% had obtained undergraduate education (Nazir and Yasir). These are alarming numbers, and while many transgender individuals wish to acquire undergraduate education, they unable to do so due to lack of funds and discriminatory attitudes.
However, for this pool of transgender individuals, there are negligible opportunities to fulfill their dreams of obtaining undergraduate education, especially from renowned and prestigious universities.
This is where we, Team Shamooliyat, wish to make an impact. We wish to give transgender individuals an opportunity to fulfill their dreams of obtaining undergraduate education from a renowned university by creating a scholarship fund in LUMS catering to just the transgender.

OBJECTIVE

> Our goal for the LUMS Transgender Scholarship Fund is to provide fully funded LUMS undergraduate degrees to deserving transgender students.

A major objective of this project is to inspire other students and academics to focus on providing education to transgenders all over Pakistan so that their community can receive the basic human right of education and is able to stand for themselves.

We hope to start by making LUMS more inclusive by helping the brilliant transgenders to gain access to LUMS and being a part of the LUMS community while raising awareness at LUMS so that they feel welcomed and are not discriminated against.

EVENT

FUNDRAISING DINNER

Tentative date
3rd FEB 2022

We have decided to create a scholarship fund for transgender students, an act which will serve as a power gesture reminding all those existing on the fringes of society that the doors to opportunity have not been closed on them. In order to create the endowment fund, a total of 34 million PKR need to be collected, and we plan to acquire a large proportion of this target sum of money by hosting a fundraising dinner.
The tentative date of the dinner is currently set as 3rd February, 2022. Our guest list consists of individuals belonging to different MNC's in Pakistan. A total of 500 people will receive an invite, and we expect an average attendance of around 150-200 people.

The dinner will commence with a series of three consecutive speeches, given by the Vice Chancellor of LUMS, Sir Syed Hussain Haider (Chairman, Pakistan Insititute of Human Rights), and Doctor Shahid A.Zia (Chairman:Corporate Communication, Fountain House) respectively. Furthermore, we are also collaborating with a variety of societies within LUMS in an effort to organize various activities for the guests. For example, we are planning on collaborating with DramaLine to host a short, skit-based performance for the guests, and we are also in talks with the LUMS Music society to invite a performer to the event. Additionally, transgender activists from Fountain House are also invited to give their address. Moreover, we have also contacted renowned personalities to perform or be a part of the dinner. We currently have Abrar-ul-Haq in line for our fundraising dinner. After the speeches and activities have finished, we will have an auction where 4 bats and 8 cricket balls, signed by players from the Pakistan Cricket Team, will be up for purchase. Since hosting this dinner is a complex and difficult task that requires careful attention being paid to each particularity, Fountain House has provided its guidance to us and is monitoring our activities to make sure we are on the right track.
We hope that this dinner will propel us well on our way towards achieving our desired goal.
